Hi Steve,

Dave asked me to send a quick note to you regarding sample shipment to our office. If possible, it would be good to have a couple 5-gallon buckets of raw water shipped to our office in Anaconda (shipping address is below). It would also be helpful to have a sample (probably a couple gallons) of sludge sent to our office.

Also, Dave mentioned that if we get into town soon enough on Sunday that we could meet for dinner. Are you staying in Silverton? If so, any recommendations on where we could stay?

Thanks,

Jim Jonas
